Additional Case Information:

On 04/14/2004 skeletal remains were found on the west side of Richards Road off Immokalee Road. The location was being cleared for Immokalee Road expansion and a water retention pond. The condition of the skeletal remains indicated they were in the ground for at least 4 years. Because of the condition of the skull the forensic artist was only able to complete a partial facial reconstruction. Her race/ethnicity is unknown.

Other items found at the scene were a cotton sweat suit (possibly gray), the label on the sweatshirt read "Favorites" and a pair of tennis shoes with the Olympic name and logo on the upper heel. The decedent had numerous dental restorations. If you have any information about the identity of this person please contact Detective William Still, ID 2752 in the Homicide Section.
