Location Found:

Orange Grove off SR 82, Immokalee, FL

Last Address:

Unknown

Scars, Marks, Tattoos:

Not specified.

Occupation:

Not specified.

Vehicle Information:

Not specified.

Additional Case Information:

On 01/05/2006 the Collier County Sheriff's Office responded to a call in reference to skeletal remains, found by workers in an orange grove, off SR 82, in Immokalee, FL.

Forensic investigation determined the skeleton was a male, 30-40 years of age, 501-506, with black hair. He was most likely Hispanic, although other ancestral groups such as European, African, Asian and Native American should not be excluded. The male had well healed nasal fractures and tooth chips on the anterior dentition. He also had two silver teeth, which are shown in the facial reconstruction. The cause and manner of death have not been determined.

Clothing recovered at the scene include blue jeans, a black fruit of the loom t-shirt with the word "Pravco" on the back, black Velcro sneakers size 8 ½ wide, a red bandana, two socks (unk color), magnetic address book, gold in color, approximately the size of a business card, and a black Casio digital watch.

Forensic Artist Tricia Blair completed a facial reconstruction of the victim.
