Additional Case Information:

On 7/31/2003 the Collier County Sheriff's Office responded to a call from surveyors, who found human bones while working in a wooded area off Immokalee Road and I-75.

Forensic investigation determined the body was a male, 45-65 years of age, 504, black hair; race is Hispanic, Asian or Native American. Victim's nose, right hand and ribs were fractured in life. His neck was congenitally short; this would have resulted in limited neck mobility.

Clothing recovered at the scene include a pair of green cargo pants, a green short sleeve size medium SERO brand shirt, black nylon socks, jockey underwear and a pair of brown leather type boots.

Civilian Volunteer and Forensic Artist Tricia Blair completed a facial reconstruction of the victim .
